Subject: Facilitating Campus Recruitment Program for IT Resources by Gujarat Informatics Limited
(Government of Gujarat Company registered under Department of Science and Technology, GoG)

Dear Sir/Madam,

In reference to our previous letter, vide no.: GIL/P&A/Rec/05/2023/682217- 46 dated 26-05-2023, we would like to inform that we are awaiting your response for the facilitation of the Campus Recruitment Program for IT Resources by Gujarat Informatics Limited (GIL), a Government of Gujarat Company, through its empanelled agencies, under Tender No. HRM2803202202 (https://gil.gujarat.gov.in/Media/DocumentUpload/1-10_19-26_merged.pdf).

Gujarat Informatics Ltd. (GIL) was established in February 1999 as the nodal agency for IT development in the state by the Government of Gujarat. The company's primary objective is to promote IT and accelerate the process of e-Governance in the state. Over the years, GIL has made significant progress in implementing IT initiatives and has played a pivotal role in driving digital transformation across various sectors.

Considering the importance of cultivating skilled IT professionals, GIL is introducing the Campus Recruitment Program, which aims to provide students with firsthand and practical work experience under the guidance of our qualified and experienced employees. This program offers an excellent opportunity for fresh graduates to apply their classroom knowledge in real-world scenarios and gain exposure to current industry practices in IT and ITeS services. We believe that this program will equip students with the necessary skills and prepare them for successful careers in the IT sector.

The details of the Campus Recruitment Program are as follows:

Skills for Campus Recruitment Program:

- Java Technologies/Spring Boot
- Dot Net Technologies
- PHP/Other Open-Source Technologies
- Mobile App Development (Android/Flutter/IOS)
- RDBMS & Cloud Automation
- Quality Analysis cum Application Testing (Manual/Automation)
- Use case development on niche technologies (AI/ML/Blockchain/Geospatial Analysis)

GUJARAT INFORMATICS LIMITED

Phone : +91-79-23256022 | Fax : +91-79 23238925 | www.gil.gujarat.gov.in

Eligibility Criteria for Campus Recruitment Program:

The Campus Recruitment Program at GIL is open to students pursuing or having completed the following courses from recognized universities with a minimum of 60% marks throughout their academic career:

- I. B.E./B.Tech in CS/IT/EC or related fields
- II. MCA
- III. M.Sc. in CS/IT or related fields
- IV. M.E./M.Tech in CS/IT/EC or related fields

Note:

- Students in their final semester of the above-mentioned courses are eligible for the Campus Recruitment Process.
- Students with ATKT/Backlog will not be considered for this Campus Recruitment Process.
- The above list is not exhaustive and may include other relevant courses as determined in the tender of GIL with empanelled agencies.

Selection Process for Campus Recruitment Program:

The selection process for the Campus Recruitment Program at GIL will comprise the following stages:

- 1 **Written Test:** All eligible students will be required to appear for a written test, which will assess their analytical, logical, and communication skills.
- 2 **Technical Interview:** Students who score a minimum of 60% marks in the written test will be shortlisted for a technical interview. Shortlisted candidates will be invited for a technical interview conducted by a panel of qualified and experienced professionals from GIL. The technical interview will evaluate the candidates' technical knowledge and proficiency in the relevant domains.
- 3 **Shortlisting:** Based on the performance in the technical interview, candidates will be shortlisted for final selection by the GIL Interview Committee. The selected candidates will be offered jobs through empanelled agencies, depending on the requirements of GIL and the candidates' performance.

Note:

- The joining of the candidate will be subject to the provisional degree certificate.
- The selection process may be subject to change at the discretion of GIL.
- The decision of the GIL Committee regarding the selection of candidates will be final and binding.

Employment of Selected Candidates:

The final selected candidates will be employed on the payroll of the agencies empanelled under GIL. The terms and conditions of employment will be in accordance with the policies and regulations of GIL and the empanelled agencies.

We kindly request you to identify students who meet the eligibility criteria for the Campus Recruitment Program and share the convenient schedule for the Campus Drive.

Responsibilities of GIL:

- GIL established in February 1999.
- It is nodal agency for IT development in the Gujarat state.
- The objective is promote IT and accelerate the process of e-Governance in the state.
- Software development: collaborate with the development team to design, code and implement software applications based on project requirements. Write clean, efficient and maintainable code using industry best practices and coding standards.
- Technical Documentation: Create and maintain technical documentation, including specifications, user manuals and system documentation. Document code changes, APIs, and software configurations to ensure accurate and up-to-date information is available for reference.
- Testing and Quality Assurance: Assist in the testing process by participating in unit testing, integration testing, and user acceptance testing. Identify and report software defects, issues or inconsistencies and work closely with the team to resolve them.
- Troubleshooting and Debugging: Analyse and debug software issues to identify the root cause and propose effective solutions. Collaborate with team members to investigate and resolve technical problems promptly.
- Collaboration and Communication: work closely with cross-functional teams, including developers, designers and project managers to ensure smooth project execution.
- Learning and Growth: Stay updated with the latest technologies, tools and industry trends to enhance your skills and contribute to the continuous improvement of the development process. Seek opportunities for professional development and actively participate in training sessions and workshops.
- Adapting to various technologies: Be open to working on different technologies and platforms, irrespective of your initial expertise. Embrace the opportunity to learn and contribute to diverse projects and expand your skill set.
- Data Science and analysis: Utilize data science techniques and tools to analyse large datasets, extract insights, and identify trends or patterns. Apply statistical analysis, machine learning and data mining algorithms to solve complex problems and generate meaningful results.
